Background:-

Punjab Agri Export Corporation Limited (PAGREXCO), a Punjab State Government Undertaking, is engaged in promotion, processing, marketing and export facilitation of agricultural and food products from the State of Punjab. PAGREXCO plays a pivotal role in strengthening value chains, promoting crop diversification and enhancing income opportunities for farmers and agri-entrepreneurs through value addition and market linkages.

PAGREXCO has established processing and marketing systems for a range of fruit and vegetable-based products including juices, jams, spreads, marmalades, pulp, paste and other value-added agri products. The Corporation operates under the brand "Five Rivers" and has developed distribution and marketing networks to support the sale of processed products across various channels.

In alignment with the objectives of the PM Formalisation of Micro Food Processing Enterprises Scheme (PMFME), PAGREXCO aims to strengthen the ecosystem of Micro Processing Units (MPUs) in the State by facilitating capacity building, standardization and regulatory compliance. The PMFME Scheme emphasizes formalization, skill upgradation, quality enhancement and improved competitiveness of micro food processing enterprises.

Recognizing the need to enhance production efficiency, improve packaging standards, ensure food safety compliance and promote adoption of best manufacturing practices, PAGREXCO proposes to undertake a State-Level Capacity Building Programme for MPUs engaged in processing of fruit, vegetable and other value-added agri products.

Through this initiative, PAGREXCO intends to support micro food processing units in upgrading their operational systems, improving product quality and aligning with statutory and market requirements, thereby contributing to the overall growth of the food processing sector in Punjab.

Requirement:-

PAGREXCO proposes to undertake a State-Level Capacity Building Programme (Phase-3) for Micro Processing Units (MPUs) along with Self Help Groups (SHGs) and Farmer Producer Organisations (FPOs) across Punjab engaged in processing of Juices, Jams, Spreads, Marmalades, Popcorn, Pickles, Dry fruit and other Fruit & Vegetable-Based and Value-Added Agri Products under the PMFME Scheme.

The objective of this initiative is to strengthen the technical, operational and regulatory capabilities of MPUs in the State, enhance product quality and standardization, and promote compliance with applicable food safety and statutory requirements.

Under the programme, PAGREXCO intends to cover up to 100 MPUs through structured training interventions funded under the PMFME Training and Capacity building Component.

The programme aims to build a network of quality-oriented and compliant MPUs capable of improving processing standards, adopting best manufacturing practices and enhancing market competitiveness of processed fruit, vegetable and other value-added agri products.

Participation in this programme is for capacity building purposes only and shall not confer any automatic right of empanelment or commercial engagement with PAGREXCO.

Scope of Training Programme

PAGREXCO shall conduct a State-Level Integrated Capacity Building Programme (Phase-3) for selected Micro Processing Units (MPUs) along with Self Help Groups (SHGs) and Farmer Producer Organisations (FPOs) engaged in processing of Juices, Jams, Spreads, Marmalades and other Fruit & Vegetable-Based and Value-Added Agri Products under the PMFME Scheme.

The training shall broadly cover the following components:

1. Production Process Optimization

- Process standardization and efficiency enhancement
- SOP development and wastage reduction

2. Packaging & Labelling Compliance

- Selection of appropriate food-grade packaging materials
- Shelf-life considerations and storage practices
- Mandatory labelling requirements as per Food Safety and Standards Authority of India (FSSAI)
- Nutritional labelling basics
- Traceability and batch coding practices

3. Food Safety & Regulatory Compliance

- Overview of FSSAI standards and regulatory framework
- Implementation of Good Manufacturing Practices (GMP)
- Good Hygiene Practices (GHP)
- Hazard Analysis and Critical Control Points (HACCP) – basic principles
- Documentation and record-keeping requirements

4. Basic Food Safety Management System (FSMS) Orientation

- Internal quality control practices
- Audit preparedness and corrective actions

ANNEXURE- B

- **Scope of Work:-**

1. Product Range:

The participating Micro Processing Units (MPUs), Self Help Groups (SHGs) and Farmer Producer Organisations (FPOs) should be engaged in processing of Juices, Jams, Sauces, Marmalades, Honey, Tomato soup, Tomato Puree, Popcorn, Pickles, Dry fruit and Ketchup or other Fruit & Vegetable-Based and Value-Added Agri Products. The unit shall clearly indicate the product categories currently being manufactured along with basic production details.

2. Quality Standards:

The participating MPU must ensure that its products comply with applicable Food Safety Standards and regulations prescribed by the Food Safety and Standards Authority of India (FSSAI). The unit should possess a valid FSSAI License and demonstrate willingness to obtain one and upgrade the unit's quality and regulatory compliance as part of the training programme.

3. Packaging:

The participating MPU shall provide details of packaging materials currently being used, including primary and secondary packaging formats, labelling compliance and shelf-life declaration practices. During the training programme, guidance shall be provided on improving packaging standards, labelling compliance and branding alignment as per regulatory requirements.

Signature with Seal of the Party

4. Product Details:

The participating MPU shall submit details of products manufactured along with key information as per the format below:

S. No.	Product Name	Key Ingredients	Location of Facility	Packaging Type (Bottle/Jar/ Pouch/etc.)	Production Capacity
